

AUTODESK® 360 AT AU

AC2666 - Autodesk® 360: An Overview

Autodesk 360 is a cloud-based platform of services such as file storage, viewing, collaboration, rendering, and much more. In this class, you will see what services are included for any Autodesk 360 account holder, as well as what extra perks are available for Subscription customers.

Handouts: There are no pre-event handouts for this session.
