

Construction IQ for Design Risk: Reducing RFIs and costly issues in Construction

Joan Allen

Anand Rajagopal

About the Speakers

Joan Allen

Group Product Manager

Autodesk Construction Solutions

Anand Rajagopal

Senior Data Scientist

Autodesk Construction Solutions

Agenda

- Introduction to Design Risk
- Document Management to reduce Design Risk
- Workflow Management to reduce Design Risk
- Issue Management to reduce Design Risk
- Conclusion

Introduction

Every day, at least 200,000 people pack their bags and move to the big city.
By 2050 almost 70% of the world's population will live in cities—that's about 7 billion people.

“*Low profit margins* in the construction industry are *not enough* to invest in the future. Investment and change are needed.”

Geoff Hunt,
Arup's chief operating officer for UK, India, Middle East and Africa

An RFI represents the gap between
Design and Construction.

Based on a Navigant Study from 2013,
an average of:

796 RFIs per Project

\$1080 cost / RFI Review &
Response

\$859K cost of RFIs per Project
