

# MSF11209 – How To Implement Fabrication ESTmep – Best Practices

Lyle Janda

Applied Software: FAB Specialist

# Class summary

- This class will cover how to implement Fabrication ESTmep software. We will provide a recommended implementation strategy, along with best practices for a smooth implementation. We will examine the Product Information Editor, ID Codes, and how pricing information is linked to items in Fabrication ESTmep software. We will also look at the Harrison Pricing Service to update the existing price list.

# Key learning objectives

At the end of this class, you will be able to:

- Discover the basic concepts and necessary steps of implementing Fabrication ESTmep.
- Learn how to navigate through the Product Information Editor.
- Discover how Fabrication ESTmep links to pricing list.
- Learn how to import pricing updates.
