Intro to Fusion 360 – Important Pre-Work
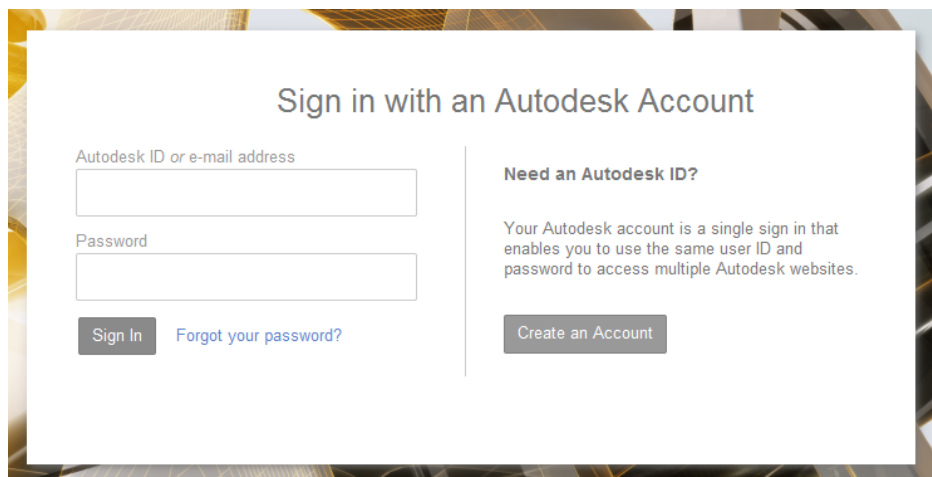

CD7017-L   This hands-on lab will introduce the Fusion 360 3D CAD design app as a design tool for designers and engineers of all skill levels. In order to be prepared for this class it is very helpful to have your Fusion 360 account created ahead of time. When you show up for class, we can just dive right in!

Installation of Fusion 360 and Hub Creation

- Go to the Fusion 360 web site.
  - http://fusion360.autodesk.com/about
- Click DOWNLOAD FREE TRIAL
  -
- Follow the prompts to install Fusion 360.
- At the following prompt, enter your Autodesk ID, or if you need one, click CREATE AN ACCOUNT
  -
- After your account is created, you are ready to go! We will all log into our accounts at the beginning of class.
- See you there!

Thanks,

Phil and Mike
